

Literacy Development

# What do you think? (Anticipation Guide)

- Use this anticipation guide with either of the readings about multiple intelligences: "Introduction to Multiple Intelligences" or the general reader "Multiple Intelligences."
- Check whether you agree or disagree with the statements before reading the documents.
- Then check whether you agree or disagree after reading one of the documents
- Think about why you agree or disagree.

before reading			after reading	
agree	disagree		agree	disagree
		Intelligence is something you are born with. Some people have it, some don't.		
		There are many different ways to be smart / intelligent.		
		There are three different kinds of intelligence: auditory, visual, and kinesthetic.		
		Intelligence is measured by an IQ test. The higher your IQ is, the smarter you are.		
		Smart/intelligent people do well in school. School subjects are easy for them.		
		People learn things in different ways, and everyone can learn to succeed in school.
